ABC-Amega Introduces PGI Credit Group– Print & Graphics Industry Credit Executives

Buffalo, NY –ABC-Amega’s credit services division is excited to announce the merger of four industry credit groups into one robust network of forward-thinking companies in the print, paper, and graphics industries. PACE – Print Alliance Credit Exchange, PAT – Paper and Allied Trades, PICE – Printing Industry Credit Executives, and PMA – Paper Merchants Association have joined forces to create **Print & Graphics Industry Credit Executives (PGI)**.

PGI is a member-driven credit interchange comprised of financial, credit and collection professionals in the printing and graphic arts industries. With the rapid changes taking place in these industries, members of PACE, PAT, PICE, and PMA share many of the same types of customers. The PGI database will provide access to the combined accounts receivable experience from these credit groups, providing timely credit information on more than 40,000 customers.

“With all of the changes in the printing industry, many of the existing member companies share the same types of customers,” said Paul Grolemond, Divisional Vice President Credit Services, ABC-Amega. “The PGI group’s database will make credit decisions much more efficient.”
